I will check in with Rick again today to see where he is on his review. I think the more pressure OAR can exert on OGC to get the concurrence done, the more chance of a quicker review.

Elyana Sutin | EPA Region 8

Darcy

I wanted to ask Janet about the U&O FIP at the end of the MB call, but we ran out of time.

Since Shaun is calling her next week (4/4?) on UT RH and MB, can you ask him to add the U&O FIP to his conversation? We would ask Janet to review and concur and get the FIP to OP/OMB ASAP. We are also having trouble getting OGC to conduct a final review and concur, so we are asking Elyana to work with OGC on that part. It might be good if Shaun could ask for Janet's assistance on that part as well.

Thanks
